

For 50 years, the East India Company has been working towards improving the style, level, consistency, and quality of Indian cuisine in Canada. Owned and operated by Kamal & Sudha Mehra, the East India Company has been recognized time and time again for its commitment to Indian cuisine.

Each restaurant is decorated with artwork from India, with most of the pieces ranging between 100 and 500 years old. All the art is hand crafted and each piece carries an important significance; please feel free to ask any questions you may have. Each restaurant is set up with a full buffet as well as menu, so that both options may be explored. The buffet changes on a nightly basis with certain specialties each night. The menu offers a selection of the most popular entrees at the East India Company, but if you should happen to want something not on the menu, please ask your server and we should be able to satisfy your desires.

It is our wish that each guest experience Indian cuisine as it is meant to be had. If we may be of service in any way, please let us know.
